Standing under the water

Water washing me clean

Healing sparkling water

Pouring over me

Oh the Water she is rushing, cause the Mother is free,

Laughing and splashing on her way to the Sea

Bubbling in the springs and over waterfalls

It's the blood of the Mother as she nourishes all

The Water is the one who opens up the door

She gives us the peace we've been searching for

Dive deep into the blue, let it wash you clean

Deep into the oneness where our spirits are free.
